

Aid for Women Junior Board Mission

The Aid for Women Junior Board is a fellowship of young adults, ages 21-45, who, out of concern for life, are committed to supporting the compassionate mission and work of Aid for Women, by building enthusiasm for the pro-life cause throughout the city of Chicago.

The Junior Board actively engages in social activities to connect with other pro-life adults, fundraises for Aid for Women, educates the public about the dangers of abortion and joins in prayer for the most vulnerable in our midst.

Yes, I am interested in joining the Aid for Women Junior Board!

Please provide the information below to receive updates on Junior Board activities and events.
